# act·fact

Your Smart Transformation starts with our Instant IoT

THE HASSLE-FREE INTEGRATION YOU NEED: FAST, SCALABLE AND COST-EFFECTIVE

The IoT Solution tailored to your needs

IoT is the future, but traditional solutions are expensive and complex. ActFact IoT makes it accessible, affordable, and profitable. Whether you're launching a product or scaling your business, we provide the tools you need, without the high costs or technical barriers.

IoT Gateway
Pre-configured, plug & play, ready for deployment

Cloud Platform
Secure, real-time monitoring & control from anywhere. No hidden costs, full transparency

Fully Configurable System
Control outputs, monitor live data. More efficiency, less manual work

White Labeling
Your brand, your product, powered by ActFact. Sell as your own and achieve your margins

End-to-End Support
Consulting, integration, cloud setup & app deployment. We do the heavy lifting, you focus on growth

WHAT IS IN FOR YOU

FAST GO-TO-MARKET
Deploy faster, reduce development time. Start selling before your competitors

A WIN-WIN PARTNERSHIP
Flexible pricing & dedicated expert support. We share the risk, you get all the upside

FULLY CONFIGURABLE SYSTEM
Control your outputs, monitor live data. Master efficiency and automation

PREDICTIVE MAINTENANCE
Detect issues before they happen through our gaetway. No unnecessary repairs, no downtime, more savings

AFFORDABLE ENTRY
No upfront investments. If you don't make money, we don't make money.

# CHOOSE YOUR LEVEL OF CONTROL. WE TAILOR TO YOUR NEEDS

No-Hassle Solution
We handle everything, from app development to deployment

Tailored to Your Setup
Integrate with your existing infrastructure seamlessly

Full Control
Use our Open API to build & manage your own IoT ecosystem

THE PROCESS

Initial Consult
Tell us about your business & IoT goals.

Customized Demo
Get a hands-on experience on how ActFact IoT fits your needs

Evaluate Options
Choose your level of control & integration. Pick the plan that maximizes your return

Launch & Scale
Deploy, optimize, and grow with ease
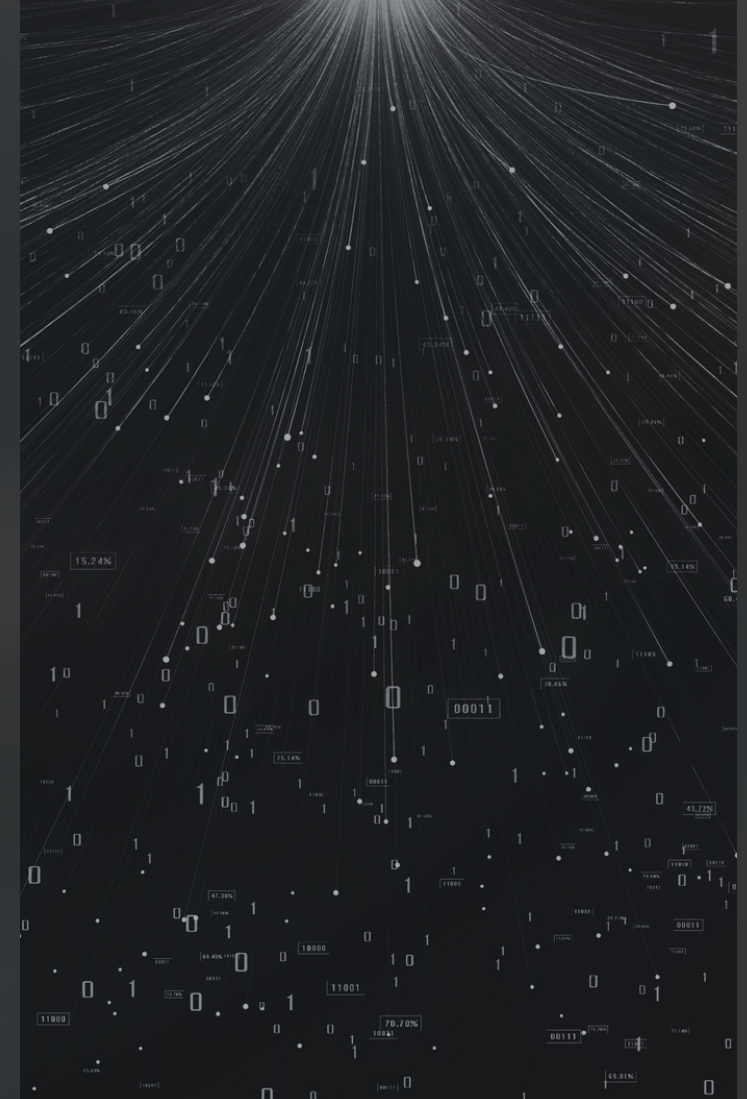

WILL YOU BE OUR
NEXT SUCCESS CASE?

GEP rethinking water

"With real-time tracking and automated pump control, we no longer waste water or manpower: Our systems work smarter, not harder."

ZinCo Z

"IoT-powered sensors transformed our green roofs, reducing water waste and maintenance while keeping our roofs healthier than ever."
